## **FOR IMMEDIATE RELEASE**

### **Integra Business Systems, Inc. and Real Data Management Announce Marketing Partnership**

Safety Harbor, Florida and New York, New York, June 27th, 2005 - Integra Business Systems, Inc. a leading vendor of document management solutions for the real estate industry has announced a marketing and integration partnership with Real Data Management (RDM) for its [iDentifi™ product line](#).

The partnership adds Integra's field-proven document management, imaging and eSignature technology to RDM's current stable of commercial, residential and corporate software and services. As part of the deal RDM will remarket Integra's iDentifi.WebDocz, eSign and Averscan products in both hosted (ASP) and traditional on-site installations. Additionally RDM will integrate its Space Management and Residential Real Estate software with Integra's document repository for seamless document access.

"This relationship expands our offering beyond qualitative and transactional data" notes Peter Boritz of RDM. "Our existing and new customers will benefit from instant access to pertinent electronic documents and images"

Both companies will be exhibiting June 27<sup>th</sup> and 28<sup>th</sup> at Realcomm 2005 in Anaheim, CA, booth #216.

---

#### **About Integra Business Systems, Inc.**

Integra is a leader in document imaging, management and workflow with over 15 years experience in the financial service and real estate industries. The iDentifi product line delivers a wide range of features for scanning, storing, coding, tracking, finding and viewing documents throughout the enterprise.
